## BARBADOS®

*Barbados has the glitz and glam of posh resorts leaving you breathless.*

Many Caribbean islands have beautiful beaches, and Barbados certainly counts among them, but where this island differs is what it has to offer beyond the surf and sand. One of the most developed islands in the region, its West and South Coasts are home to posh resorts, lovely golf courses and of course, its bustling capital city, Bridgetown. At its heart though, you will find rolling limestone hills, lush scenery and vast plantation homes that are relics of its colonial past. While on the wild, Atlantic-battered East Coast, you'll find huge surf and exposed cliffs. All in all, Barbados is something of a dream, a complete package; a place that is equal parts British pomp and laid-back and easy Caribbean cool.
